Cooper's Bay

The Cooper's Bay offers that beautiful coastal home with a great open floor plan. A spacious kitchen with entertaining island opens up to a great room and dining room with tray ceilings. Enjoy the coastal weather in the large screened loggia, adjacent patio or full front porch. A private master suite features his and hers walk-in closets, his and hers vanities, and a large spa-like walk-in shower. Two guest bedrooms and a second floor optional flex room allows for plenty of space and storage.
