Shelter Bay

The Shelter Bay offers that beautiful coastal home with a great open floor plan. A spacious kitchen with entertaining island opens up to a great room and dining room with tray ceilings. Expansive doors lead out to a large screened loggia with adjacent patio to enjoy the coastal weather. A private master suite features his and hers walk-in closets, his and hers vanities, and a large walk-in shower. A study, two guest bedrooms, and a second floor optional flex room and bath allows for plenty of space and storage.
